

Good Sam: What You Should Know.

Get help **fast** if someone
is overdosing!

Call 911.

The 911 Good Samaritan Law (called “Good Sam”) **PROTECTS YOU** from drug possession charges if you call 911 or seek medical help for **yourself** or **someone else** who is overdosing.

OK, I'M READY TO test .

✓ Good Sam Can

- Protect you from being charged with possession of drugs if you are trying to get medical help for yourself or someone else who is overdosing
- Protect you from being charged with possession of drugs if you carry and administer naloxone (NARCAN®)

✗ Good Sam Cannot

- Protect you from being charged with drug trafficking, distribution, or possession with intent to distribute
- Protect you from arrest for outstanding warrants

Respond to Overdose.

If you call for help and cooperate with law enforcement and emergency responders, you won't be arrested for possession of a controlled substance.

- 1** Use fentanyl test strips to test your drugs.
- 2** Go slow and use less—a little goes a long way.
- 3** Space out doses because fentanyl acts fast and is different for everyone.

For more information about how to get a naloxone kit, fentanyl test strips, and treatment programs visit:
